The Interstate Commerce Commission Still Hearing Arguments on Anti-Scalping Bill.

BOTH HOUSES OF CONGRESS

General Grosvenor Pleases Everybody But the Miss Nancies by His Denunciation of the Chinese Civil Service System.

Washington, Jan. 6.—The interstate commerce commission today resumed the hearing on the anti-scalping bill.

Mr. McKenzle, president of the American Ticket Brokers' association, said that he had received affidavits from a number of ticket brokers confirming his statement that "the brokers secured 95 per cent of the tickets sold by them from railroad companies."

When Senator Cullum asked for the names, McKenzle declined to give them except under duress.

E. J. Thiele, of the Illinois Commercial Men's association, opposed the bill as unjust, claiming that the owner of a railroad ticket should be allowed to dispose of it as he might see fit, as would the owner of any other commodity.

Senator Wolcott made the point that no honorable man would be caught traveling around on another man's non-transferable ticket.

Thiele said that he had known men whom he believed to be honest doing that thing. He said that what traveling men wanted was a uniform flat \$20 1,000 mile rate.

E. Dow, president of the Commercial Travelers' National league, also appeared in antagonism to the bill.

William S. Klug, president of the Merchants' association of New York, spoke for the bill. He characterized as forgery dealing in railroad tickets, which he said was opposed to the constitution of the United States.

Session of the Senate Today.
Washington, Jan. 6.—In the senate today Mr. Allen, of Nebraska, called upon the senate to pass the bill providing for the holding of a congress of the representatives of the different Indian tribes at Omaha in 1899 and appropriating \$100,000 therefor.

The bill to protect the name and insignia of the Red Cross was passed. The senate went into executive session.

Session of the House Today.
Washington, Jan. 6.—The house today promptly resumed the debate on the civil service question.

General Grosvenor, of Ohio, took the floor with an elaborate speech in opposition to the law. He disclaimed any leadership of the anti-civil service reform forces and any purpose to speak for any officer of the government, executive, legislative or judicial.

"All efforts to entangle me in a collision with the president," said he, "are as senseless as powder. If I believed that my relations to the executive would be changed or modified because I differ with him in my representative capacity, I would despise him as he would despise me if I faltered in my convictions."

General Grosvenor proceeded to pay his respects to the National Civil Service Reform league and to Carl Schurz, its president. His exhortation of the latter was the most scathing heard on the floor of the house in months. He denounced unparaphrasing those who sought to read out of the Republican party those who disbelieved in the civil service law.

With riotous language he sketched the political career of Schurz, which he characterized as "the checked, spotted, leoparded career of one who had betrayed every party and every duty to which he was bound, and one whose betrayal had been his only stock in trade in the arena of politics."

General Grosvenor denounced George William Curtis and the other high priests of civil service reform, who, he said, had been traitors to the Republican party, and argued that as Cleveland extended the civil service system enormously after the St. Louis platform was adopted, Republicans were not bound by the platform as regarded these extensions. He warned the Republicans that the people were overwhelmingly opposed to the law.

Mr. Johnson, Republican, of Indiana, followed General Grosvenor with an elaborate argument in defense of the merit system.

Mr. Johnson and his colleague, Mr. Landis, Republican, of Indiana, had a hot cross fire debate, and the galleries who bolterously applauded the latter's opposition to the present system that the chair had to suspend the debate and admonish the galleries that the demonstration must cease.

Currency Reform Measure.
Washington, Jan. 6.—Representative Overstreet, of Indiana, introduced in the house today a comprehensive bill for carrying out the plan of the monetary commission for the reform of the currency. The bill was referred by Speaker Reed to the committee on banking, and Chairman Walker has arranged to give early hearings to Senator Edmunds, chairman of the commission, and other members.

Home Rule Reasons.
Washington, Jan. 6.—In the executive session of the senate today, Senator Pettigrew, chairman of the committee on Indian affairs, made an adverse report for "home rule" reasons, upon the nominations of the following named persons to be Indian agents: Charles McNichols, Colorado river agency, California; Edward Goldberg, Quapaw, I. T.; Charles G. Keyse, Fort Apache, Ariz.; Fred B. Spriggs, Nevada agency, Nevada.

The Chinese Loan.
London, Jan. 6.—It is learned that, in the event of Great Britain's guaranteeing the new Chinese loan, the concessions required will be the opening of the new treaty ports to all the nations alike. The financial article in the Globe says that it is reported on the stock exchange that the British government has arranged to guarantee the Chinese loan of \$10,000,000 at 5 per cent.

HANNA MAY TRIUMPH

Combination Against Him in Ohio Legislature Has Not Agreed on a Candidate.

MAY NOT BE ABLE TO AGREE

Indignant Protests Pouring Into Columbus from All Parts of the State Against Threatened Treachery of Disgruntled Republicans.

Columbus, O., Jan. 6.—As the "count of noses" stands now with the steering committee, Senator Hanna is beaten.

The opposition has a majority on joint ballot of three or four as the concessions of Republican members who are supporting Hanna.

The opposition claim six to seven majority and is secretly making accessions, but will be required to keep up the closest vigilance for over a week or more to hold their men in line.

The pressure from the constituents of the bolting Republican members is increasing every day and is likely to be overwhelming next week.

Republican papers are full of accounts of the proceedings and resolutions of Republican committees, clubs and other organizations, denouncing Governor Bushnell and the Republican bolters.

One paper at Springfield, in which the governor is interested, is said to be the only Republican newspaper in the state that is not denouncing the Republican opponents of Hanna.

Durrant is breaking down rapidly. Nearly 200 invitations have been issued for the hanging.

EXPRESS COMPANY ROBBED.
Reported That the American Was Relieved of \$1,000,000 by Robbers—Story Lacks Confirmation.

New York, Jan. 6.—The Evening Telegram prints a report which has not been verified that the American Express company was robbed last night of \$1,000,000, given it for transportation. The money was said to have been taken from one car of the through western express, while the train was being made up in the yards at Fort-eighth street.

The officers of the company refuse to talk regarding the robbery. The money was said to have been in bags ready to place in the safes. The western express leaves the Grand Central yards at 8 1/2, and goes through to Chicago, dropping off cars at intermediate cities. There are 11 cars in the train usually, which carries nothing but express shipments. Large sums of money are frequently sent west with this train. According to the report received by the Evening Telegram, the clerks found the money bags rifled when they reached the car. The robbers had evidently been watching the methods of handling the money shipped on this train.

At the office of the president of the American Express company, the Associated Press reporter was told that no robbery had been heard of. The president, however, refused to deny the truth of the story, merely confining himself to a statement that he had not been advised of any such occurrence. The story as printed by the Evening Telegram was denied at the Grand Central depot, and at all accessible sources of information. It was learned, however, that a detective agency reported that Clark Braden, a night clerk employed at a branch office of the American Express company, had today stolen five \$10,000 bonds of the Consumers' Gas company of Chicago. All bankers and brokers were notified not to accept these bonds, and, if possible, to arrest the person presenting them. Whether Braden took more than this amount is not positively known.

Beards taking \$5,000 in bonds, Braden is alleged to have taken \$5,000 in cash, making a total robbery of \$10,000.

FEUD ENDS IN DEATH

Kid Murphy, a Chicago Gambler, Killed and Two Other Men Fatally Wounded Last Night.

WAS LOOKING FOR TROUBLE

Leaders of Gang of Toughs in Windy City—Chief of Detectives Suffered from Their Usage Three Years Ago.

Chicago, Jan. 6.—"Kid" Murphy, the noted Chicago gambler of the shell variety, was shot dead, and Frank, alias Dickey Dean and Martin Donahue were shot, probably fatally, during a quarrel last night in a saloon at 117 North Clark street. The affair is said to be the result of a feud of months standing. The police information is that Murphy entered the saloon, evidently in search of trouble, and immediately upon seeing Donahue opened fire.

Dean stopped between the men and received the second shot, the first going wide of the mark. Donahue and Murphy fired three shots each.

Donahue is a saloon keeper and Dean a constable. Thirteen men were arrested in the saloon, among them being "Major" Sampson, who was suspected of complicity in the murder of Gas Colander, during the election riot three years ago. The general theory is that the trouble originated in a stabbing affray in Donahue's saloon about three months ago, between Murphy and Joe Kichew.

Murphy was stabbed over the eye and blained Martin Donahue for causing the trouble. Murphy and Dean were the leaders of a gang of toughs who, three years ago, beat Lieutenant Collier, now Captain Collier, chief of detectives, and threw him over the Randolph street viaduct.

SUICIDE OF A MILLIONAIRE.
Owing to a Quarrel with His Partner a Prominent New York Business Man Shot Himself.

New York, Jan. 6.—W. T. Buckley, aged 55, a member of the dry goods firm of Dunham, Buckley & Co., shot himself in the head at his home at Wave Crest, Long Island, today, dying without regaining consciousness.

Buckley is reputed to be a millionaire. His hunting stable is one of the finest on Long Island.

There does not seem any doubt that Buckley committed suicide on account of business troubles. It is alleged that he had a serious misunderstanding with Mr. Dunham, his business partner, which resulted in Buckley being forced out of the firm.

RAILROAD VICTIM OF CONSPIRACY.
Missouri Pacific Robbed of Thousands of Dollars by Cattle Shippers—False Affidavits Used.

Kansas City, Jan. 6.—The detective department of the Missouri Pacific railway has unearthed a conspiracy at the Kansas City stock yards, by which, it is alleged, the road has been robbed of thousands of dollars on live stock shipments. False affidavits of a shortage in the number of live stock received here, have come to the claim department of the Missouri Pacific and shippers have been paid for the number of head of stock missing. It has been going on for years.

RED RIVER MINES

Carefully Prepared Description of Formation and Development Work in Taos County Gold District.

AN EMBRYO CRIPPLE CREEK

Properly Equipped Concentrating and Smelting Plants Needed on the Ground to Treat the Mountains of Low Grade Ore.

Special to the New Mexican.

Red River, Taos County, Jan. 4.—The Red River mining district in Taos county is about 16 miles by 25 miles in extent. Immense eruptions of iron-stained porphyry and phonolite dikes are found everywhere. The mineral is found in quartz leads which trend from northeast to southwest. The best values are found in contact veins, which vary in width from three to 30 feet. Some splendid values are found in true fissures.

The altitude of the district is from 9,000 to 11,000 feet. The hillsides are covered with a good supply of spruce and pine timber sufficient for all the practical purposes of a good mining camp.

Red river is a beautiful stream, carries an abundance of water the year round, and could be utilized to generate electric power sufficient to operate large reduction works.

The ores are largely sulphide, hematite, oxide and manganese. Forty per cent of them could be successfully treated by concentration. There are 25 properties that have from 85 to 100 feet of work done. Work is continued all winter.

The following are some of the better properties:
The Midnight, near the head of Bitter creek, owned by Ohio capitalists, employs 18 men. About 600 feet of work has been done. This mine is fitted with a steam hoist and a small mill. From 30 to 40 tons of ore per month could be shipped, which would average \$30 per ton.

The Edison shows more development work than the Midnight. The ore in both the Midnight and Edison is of much the same character.

The Denmark, at the head of Bitter creek, has been tapped by 600 feet of tunnel, which has cut several veins of low grade ore.

The Memphis, a little further down Bitter creek, is one of the best claims in the district. Thirty tons of from \$30 to \$50 ore could be produced monthly and double the quantity by some further development.

The Independence, Richardson & Colorado Tunnel company has a fair grade of sulphide ore. The values thereof have gradually increased as depth has been gained.

The Two Sisters, belonging to Hutton Bros., also on Bitter creek, is a very fine prospect. Parties are negotiating for its purchase. The deal will probably be completed this month.

The Golden Treasure, at the head of Placer creek, shows five different leads varying in value from one and seventy-five hundredths of an ounce to ten ounces per ton. Assays have been had running into the thousands.

The Black Copper is a wonderfully promising mine, and has produced ore running into thousands of dollars per ton. The owners expect to commence shipping regularly this month.

The Stella, in Pioneer gulch, is one of the best known mines in the district, the values being very evenly distributed, averaging from three to four ounces per ton.

The Bonnie Bell is an extension of the Stella and at a depth of 12 feet has two feet of ore that averages two ounces.

The Maud M. group, in Pioneer gulch, has a large vein of \$25 ore, carrying gold, silver, copper and lead. Fifty tons per month from this mine is a very conservative estimate.

The Great Western group, on Black mountain, averages \$25 per ton. Work will be pushed all winter.

ROYAL BAKING POWDER

Royal makes the food pure, wholesome and delicious.

ROYAL BAKING POWDER

Absolutely Pure

ROYAL BAKING POWDER CO., NEW YORK.

The Sedalia tunnel is a recent location with but little work. Two veins have been cut. The larger has three feet of \$25 ore, the second a one foot vein of \$100 ore. This property will be worked all winter.

The Tom Boy has 85 feet of a tunnel. The tunnel cut an ore chute that runs over four ounces per ton.

The Ajax, near the Tom Boy, has cut a large vein of gold and copper, which runs about \$20 per ton.

The Willard, on Copper mountain, is probably the nearest approach to a free milling proposition in the camp. At the bottom of an 85-foot incline the vein is ten feet wide of \$25 ore.

There are scores of other claims being worked which would average in value with the foregoing. Properly equipped concentrating and smelting plants would make this camp as a paying producer a close rival of Cripple Creek.

The prospects are that the D. & R. G. Railroad company will build into Questa during the coming summer and parties are figuring on erecting a smelter at that point and a concentrator at Red River.

ALBUQUERQUE NOTES.

Last night Justice Ribble joined in marriage Juan Martinez and Miss Annie O'gonorth, after which he blessed them in his usual bland and happy manner.

Otto Richter, formerly a wealthy dry-goods merchant at La Porte, Ind., is here for his health, and also looking for a location. He is visiting with Judge Crumacker this afternoon.

Dr. William N. Hallman, of Washington, D. C., superintendent of the Indian schools in the United States, arrived in this city from the east on Tuesday night and today is inspecting the government Indian school in this city. Dr. Hallman was formerly a resident of La Porte, Ind., and is a friend of Judge Crumacker.

The stockholders of the Bank of Commerce have selected all the old officers to serve for the ensuing year. They are M. S. Otero, president; R. P. Schuster, vice president; W. S. Strickler, cashier; H. J. Emerson, assistant cashier. These gentlemen are also directors. The additional directors are J. C. Bridgford, W. C. Leonard, A. Elsmann, A. M. Blackwell and W. A. Maxwell.

Hon. B. S. Rodey, the Railroad avenue attorney, who was east on a visit to his wife and children, and incidentally made a trip to Washington, D. C., returned on Tuesday night. He is a candidate for the office of United States attorney for New Mexico, and stated that he secured, while at Washington, the names of half a dozen senators, who agreed to work for his appointment, reports the Citizen.

Judge J. W. Crumacker and Clerk of Court Harry Owen returned to the city on Friday night, after an absence of two weeks on their Christmas vacation, the former at La Porte, Ind., and the latter at Chicago. They were accompanied by Ness Crosby and wife, of Valparaiso, Ind. Mr. Crosby has accepted the position of deputy clerk of court under Clerk Owen, who returned slightly indisposed after his long trip and did not get down to the court house yesterday, says the Citizen.
